

COMMUNICATIONS.

S. W. P. UNIVERSITY NOTES.

To the CHRONICLE:

The devil should review his rules for spelling. In our last "Notes and News," he certainly taxed his ingenuity in inventing a new style of spelling. If he has ever heard of "Modas," we would be glad to learn the name of the language in which it is found.

Several Robb Hallites are wearing faces twice as long as the normal facial length, and there constantly arises a vision of several dollars "gone where the woodbine twined." Citizenship is not one unalloyed blessing in this great country of ours.

Tom Parker is once more on classic ground. Green Higginson has returned to the University.

Mr. G. S. B. Scroggin has fully recovered from his slight indisposition, and is ready to enroll every body as a member of the Chicago Library Association.

Robb Hall is the headquarters for apples. We are sorry to state that Dr. Waddell is still confined to his bed. We hope he will soon be restored to his wanted good health.

The S. W. P. U. Journal will be published this year. It could be made a very valuable auxiliary to college training. We hope the boys will put their shoulders to the wheel, and publish a college periodical second to none.

Mr. Nathaniel H. McCain has been suffering very much from severe boils. He is now in a good condition to study Job's life and character.

Mr. Nathaniel Beecher Mathis won studying laurels last summer as an orator of great power.

J. W. Stagg is a professional ball pitcher. He is one of the most thoroughly developed mental and physical prodigies of the nineteenth century.

J. M. Sykes supports the dignity of the Hall.

Messrs. Nibbet and Stagg should publish their eloquent temperance speeches in full. If they were distributed broadcast over the land, prohibition would win next time beyond the faintest shadow of a doubt.

Mr. W. H. Hamiter, a member of the Senior Class in the Divinity School, arrived last week.

Rev. W. L. Hamerly, D. D., has taken upon himself a better-half. His Divinity does not need doctoring.

Rev. J. B. Shreiner, of the S. W. P. U. Faculty, preached a fine sermon in the Presbyterian church last Sunday morning. The Doctor is one of the ablest men in the Southern Presbyterian church. The verdict of the "boys" is, that "he is there," on whatever subject he is approached.

Mr. W. L. Stewart is a very graceful bicycle rider.

The Weekly speaking in the University chapel is highly entertaining and improving to the students.

Quarterly County Court.

On Monday last all the magistrates in Montgomery county, except three, assembled and faced Judge Tyler in the county court room for the purpose of holding quarterly court. They exchanged views on county affairs as fully as was practical, and considerable routine business, ordinary to the proceedings of such a meeting, was transacted. The old commissioners of the county poor house were re-elected to serve one year. They are Squires Ransdel, Brewer and Wilson.

Edward S. Munford was re-elected a notary public.

The voting place in District No. 11 was changed from Swift's shop to Crotzer's school house, to take effect six months after Oct. 3, 1887.

C. W. Bowlin was elected road commissioner in District No. 1, to fill the vacancy caused by the death of the late commissioner, Mr. Scott.

The following persons were named by the several magistrates to serve as jurors in the circuit court at the next January term: J. W. Ataway, Wm. Edmondson, Wm. Lewis, James Davidson, E. M. Nolen, J. W. Foster, W. C. Harrelson, S. C. Bellamy, E. J. Chambers, R. L. Wickham, W. J. Crotzer, Brad Martin, J. W. Smith (son of Dr. Smith), M. C. Keel, C. T. Cherry, Scott Hammond, H. W. Payne, A. Harris, C. A. Daniel, Chas. Hodson, K. P. Norfleet.

The jail committee reported the expenses of that institution the past three months \$949.68; receipts for the same time from the city and State \$993.00, making a balance in favor of the jail of \$48.32.

The Poorhouse committee reported twenty-two inmates during the last quarter; three white males, four white females, six colored males, nine colored females. Of these one has died, one been carried to jail, and two been discharged. The health and general condition of the inmates is good. The expenses for the past year have been: First quarter \$222.35; second quarter \$336.94; third quarter \$260.07; fourth quarter \$343.00; total for the term \$1,262.36. The average number of inmates during the past year has been 201. Average cost per capita \$65.56. During the present quarter the committee has built a four tier barn 20x32 feet, for the use of the superintendent.

J. M. Anderson, J. A. Rollow and K. Ramey were appointed a committee to examine Judge Tyler's financial report.

During the proceedings a motion was made to elect a constable for District No. 11, and it was explained by one of the magistrates that Mr. Reinhart, who has been making an excellent constable there, had "skipped by the light of the moon" because some young girl had entered proceedings of bastardy against him. After this announcement had been made a grizzled old bald-pated gentleman from the opposite side of the

county said he thought Reinhart had little cause to run away. Another thin-haired magistrate who lived nearer Reinhart's location, stated that he had information that the absent constable intended to return soon and take his hay from the rack even if it did poison him. So, upon this information, the motion to elect a successor for him was withdrawn.

A Female Prize Fight.

Two colored Amazon female champions of the ring named respectively Annie Carneal and Babe Newell, under the inspiration of Sir John Barleycorn, fell out with each other, and indulged in a regular Kilkenney cat fight on Strawberry Alley on Thursday. Before the mill was concluded, officer Smith appeared upon the scene, the battle was declared a draw, and the combatants were pulled by the policeman and taken before the Recorder, who assessed them \$5.00 and the costs apiece for the benefit of the city treasury.

In the late case of the Commonwealth vs. Buchanan in the Kentucky Court of Appeals, the court held that while drunkenness neither excuses nor mitigates crime, yet on a trial for murder, the intoxication of the defendant may be admitted in evidence as a substantive fact so far as it may throw light upon the question of malice, and no further. This is a principle of law as old as the hills, and not a new principle, which has been reaffirmed by the Kentucky court.

The New Opera House.

The Nashville papers are boasting about their new theatre the "Vendome" which was opened by the Abbott troupe last week. We don't know whether Elder's Opera House will compare in size and fineness with the new "Vendome," but we do know that we have one of the prettiest and most elegant and convenient theatres in the State of Tennessee. Elder's Opera House will be completed this week. It has been newly remodeled, refitted, redecorated, the stage has been enlarged, scenery repainted, a dress-circle, parquette and gallery constructed, new folding opera chairs, a marvel of comfort, put in, new scenery, new carpets, new furniture, private boxes, the whole heated by steam, and every appointment, in fact regardless of expense and equal to any theatre in a large city, and our people can spend a pleasant evening in a theatre which would be an ornament to any city on the continent. If you don't believe this just go and see for yourselves.

Bayse-Davis' Ideal Dramatic Company, supporting Miss Annie Burton, the charming little actress, will open the new Opera House for one week, commencing next Monday, Oct. 10, with a change of programme each evening and a grand family matinee Saturday afternoon.

The new scenery, painted by Mr. J. H. West, scenic artist, for the new Opera House, is exquisite, and in fact the *tout ensemble* is a marvel of taste and elegance which must be seen to be properly appreciated.

All of the work on our handsome and commodious Opera House was done by Clarksville mechanics. Messrs. R. B. Tarpley & Co., did the painting and paper hanging, and in neatness and elegance and good taste it defies competition, and is equal to any that can be done anywhere.

Mr. George King did the carpenter work, and the joiners work is without a crack, a seam or a flaw and does him great credit.

Messrs. G. B. Wilson & Co., furnished the material which only needs to be seen to be commended for its excellence.

And the City Gas Company, and Electric Light Co., furnished and put in the gas fixtures and electric lights. Clarksville is independent and can do her own building having a set of workmen and mechanics who are masters of their calling.

Wonderful Cures.

W. D. Hoyt & Co., wholesale and Retail Druggists of Rome Ga., say: We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well or give such universal satisfaction. There have been some wonderful cures effected by the medicines in this city. Several cases of pronounced Consumption have been entirely cured by the use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by OWEN & MOORE

"The Flag," though much dispirited, is still in the ring. It says: "Anti-prohibition beat Uncle Prohibition in the first race, but the old man will get there Eli yet." "Let her go, Gallagher."

A Wedding and a Romance.

From a gentleman, who resides in the vicinity of Noah's Springs, in District No. 4, the CHRONICLE learned the particulars of a run-away marriage that took place beneath the shade of the flowery arbor there, on Tuesday afternoon. Mr. Mortimer Giles, and Miss Eugenia Davis, one of the many belles of Christian county, Kentucky, were the high contracting parties and Rev. Kendall was the clergyman necessary, who joined them as man and wife. About twenty persons were witnesses and after the ceremony, the boys and girls squared themselves for a "brandy dance," which they were enjoying immensely when very unexpectedly old man Davis, father to the bride came loping down the road at a break neck speed with a shot gun on his shoulder. He was after Mort Giles' scalp, and it is said that had not others interfered, a tragedy would have resulted. Considerable excitement prevailed for awhile, but finally every thing became quiet and the assembly disbanded for home.

Advice to Mothers

Mrs. Winslow's soothing syrup for children teething, is the prescription of one of the best female physicians and nurses in the United States and has been used for forty years with never-failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhoea gripping in the bowels and wind-colic. By giving health to the child it rests the mother. Price 25c. a bottle Dec 25, 1y.

Clarksville Tobacco Market.

CLARKSVILLE, TENN., Oct. 6, 1887.
We have to report an increased business this week, planters selling their last few hogheads, and dealers desirous of closing out the remnants of their stocks to be ready to buy the new crop; which is so much smaller than the last, that it may not be enough to go around. Sales may touch 800 hds. or more, as rejections were not large in number. The market showed a good degree of animation and prices were generally well sustained on all sound grades, but irregular at times on frosted sorts. Near the last of the old crop seems in, as receipts in September were 2,393 hds. Sales in September were 3,157 hds, the stocks October 1st 13,190 hds. The new crop is reported to be much mixed in quality, and no large part of it will show to advantage when samples of it are laid by side of samples of the old crop in the market. We quote:

Frosted Leaf	2 00 to 2 75
Frosted Leaf	3 00 to 5 00
Common Leaf	4 00 to 5 00
Medium Leaf	5 25 to 6 00
Good Leaf	6 25 to 7 25
